

# Traversals

```
49 template<class T>
50 void BinaryTree<T>::__Order(TreeNode * cur) {
51     if (cur != NULL) {
52         _____;
53         __Order(cur->left);
54         _____;
55         __Order(cur->right);
56         _____;
57     }
58 }
```
