

Many Answers, but Perhaps Not Many Good Ones

- the car owner (possibly in the car)
- the car passenger(s), if any
- the car manufacturer
- the company and/or person(s) who developed the ML model
(maybe most people would stop here?)
- the company that fabricated the chip used to execute the ML model
- the company and/or person(s) who designed the chip used to execute the ML model
- the company and/or person(s) who wrote simulations for producing training data
- the company and/or person(s) who supplied data for writing simulations for training
- the company and/or person(s) who designed the algorithm for learning
- the company and/or person(s) who designed the algorithm for executing the model
