

What Most People View as the Internet Arrived in 1993

These ideas were **combined into a single protocol** (HyperText Transfer Protocol, **HTTP**) in 1989 by Tim Berners-Lee (at CERN).

The **first web browser** (integrating images with text), **Mosaic**, was **developed by Marc Andreessen** and others (at UIUC) in 1992, and made public in 1993.

The browser made the Internet interesting to the rest of humanity.
