

## We Need a HALT and Some Data

---

```
GET_NEXT  
ADD R1,R1,#1  
BRnzp COUNTLOOP  
DONE  
HALT  
; earlier .FILLs here  
HIST .BLKW #27  
STRING .STRINGZ "hi"
```

We need a HALT  
and some data.

The full program is  
available online.

## Our Work Here is Done!

---

That's it!

Unless you want to convert it  
to binary by hand, of course...
