# Preflight 4

You are towing a car up a hill with <u>constant velocity</u>. The <u>total</u> work done on the car by all forces is:

1. positive
2. negative
3. zero ⟵ correct

59%

8%

33%

0%   20%   40%   60%

The net acceleration is 0 which means the sum of the forces is 0. Thus, work done is 0..
