

# Practice on Enclosed Currents

$$\oint \vec{B} \cdot d\vec{l} = \mu_o I_{enclosed}$$

Case 1  
 $I_{enclosed} = I$

Case 2  
 $I_{enclosed} = 0$

For which loop is  $\int \vec{B} \cdot d\vec{l}$  the greatest?

- A. Case 1 B. Case 2 **C. Same**
