

# Some Exam Stuff

## Exam Wed. night (April 2<sup>nd</sup>) at 7:00

- Covers material in Lectures 9 – 18
- Bring your ID: Rooms determined by discussion section (see link)

## Don't forget:

- Worked examples in homeworks (the optional questions)
- Other old exams

## For most people, taking old exams is most beneficial

- » Take them like real exam (calculator and formula sheet)
- » Complete full exam, then grade (harshly)
- » Review problems got wrong (why did you get it wrong)
- » Repeat
