

# Welcome to Physics 214

Faculty: Lectures A,B & C: Paul Kwiat

Discussion: Raffi Budakian

Labs: Karin Dahmen

All course information is on the web site. **Read it !!**

<http://online.physics.uiuc.edu/courses/phys214>

Format:	Active Learning (Learn from Participation)	
Homework:	Do it on the web !!	
Lecture:	Presentations, demos, & ACTs.	Bring your calculator.
Discussion:	Group problem solving.	Starts <u>this week</u>
Lab:	Up close with the phenomena.	Starts <u>next week</u>
	<b>Prelabs</b> are due at the beginning of lab.	

Prelectures: 10 for the semester – see SmartPhysics calendar, worth 1 pt each  
(note – you must actually *do* them to get credit, not just click the slides)

**Ask the Prof.** See the website under *SmartPhysics* – it's the "CheckPoint" feature for each lecture.

**This Friday only:** Bonus point for doing the survey.

Textbook: Young and Freedman. Assignments on Syllabus page

James Scholar Students: See link on course website for information.
